

# Baseball/Softball Fields Phase 3.1

Activities on these surfaces are considered “Moderate Risk” activities and are permitted to participate in the following:

- **Non-Contact Practices** including individual or socially distanced group activities (Basically Phase 2 Practices)
- **Competitive Practices** such as intra-team games, contact drills, and scrimmages.
- **Competitions** such as inter-team games

**TOURNAMENTS ARE NOT ALLOWED DURING PHASE 3.1**

## Competition and practice guidelines

- Youth Sports are limited to no more than 25 players on a surface at a time and no more than 50 people (coaches, players, umpires, spectators) on/around a playing surface. This may be lower if there is not enough space for social distancing. Minimizing spectators is highly encouraged.
- Adult Sports (players 18 years of age or older) are limited to 25 people but no spectators.
- All coaches, staff, umpires, and spectators must wear masks and keep 6 feet of distance between households.
- Players must wear masks when not actively participating (i.e. waiting in batting lineup/at bat) and at any time that intermittent contact may occur.
- No social contact such as fist bumps, high fives, group cheers in close proximity.
- No loitering before and after events.
- No shared food or drink
- All participants should sanitize hands before and after the activity.
- Due to the size of the bench and dugouts and the need to keep 6 feet of distance in these areas, access to these areas should be limited to coaches only.
